REF.

B

MEMORANDUM TO: Chief, Planning Staff
Office of Logistics

SUBJECT : Headquarters Emergency Relocation Force Strength

REFERENCE : Memorandum to Chief, Planning Staff, Office of
Logistics from CIA Emergency Planning Officer,
Dated 27 January 1958, Subject: "Revision of
Headquarters Emergency Force Strength."

1. By the terms of the reference cited above you were advised in January that the total figure of this Agency's emergency relocation force had been raised to 1001, exclusive of the requirements of the National Security Council and of the Planning Board Assistants. The DD/P portion of this was based on an oral estimate formulated by members of the PPC Staff which indicated a total of 388 DD/P personnel. Last month the official DD/P figure approved by the Deputy Director (Plans) was transmitted to us in writing, showing requirements for a total of 395 DD/P personnel, being an increase of 7 above the figure previously submitted, which figure includes SEA/DD/S and the members of his staff.

2. In reexamining the total figure for the Agency we perceived the need for an additional allotment of six spaces to the Director's Office to provide for any unforeseeable expansion, and one additional to the Office of the Deputy Director (Coordination).

3. At this time, therefore, the grand total figure of the emergency relocation force of this Agency is 1015. The distribution of this figure to the several components of the Agency is shown below:

Director's Office	27
DD/C	5
DD/P	395
DD/I	250
DD/S	<u>338</u>

TOTAL ... 1015
